Join us in August 2025 as we return to the University of Chichester for our Residential Summer Programme.

During Residential Summer Programme, delegates will have the opportunity to join courses led by our expert teaching teams, connect with other members from around the world, network with lecturers outside the studio and participate in additional morning and evening activities – all with meals and accommodation provided.

This event is ideal for all teachers, from the most experienced through to those still in training. Attending CPD courses is the best way to update your teaching practice and refresh yourself for the Autumn term.

New for 2025

- On Friday 15 and Saturday 16 August, you will have the opportunity to mix and match your course choices, meaning you can swap genres halfway through the day.
- Teachers will also have the opportunity to attend 'cross-genre' courses, focused on specific aspects of dance training which can apply to any dance style – such as stability, turns, warm-ups and much more.
