Notes for Teachers:

This is the recommended music playlist to be used for examinations. Where more than one track is listed for a particular exercise, it is the teacher's discretion as to which track to use.

For long introductions the music can be cut to give 2 or 4 bars in, please do not cut the music to finish for the specified number of candidates dancing the technical work, as it is sometimes permissible for examiners to see the exercise again.

Please ensure that candidates have listened to the whole track in class, so that they are aware of how the music progresses and feel free to adapt to any odd phrases that may be present in the music (i.e. wait for longer).
